

# Kenya Sanitation and Hygiene Improvement Programme (K-SHIP)

## Programme Scope

KSHIP is a 5-year Global Sanitation Funded (GSF) Programme, with a grant budget of **US\$ 5,100,000**. Through sanitation and hygiene improvement, the programme aims **to contribute towards the broader goals of poverty eradication; health and environmental improvement; gender equality and long term social and economic development.**

## The programme targets are to:

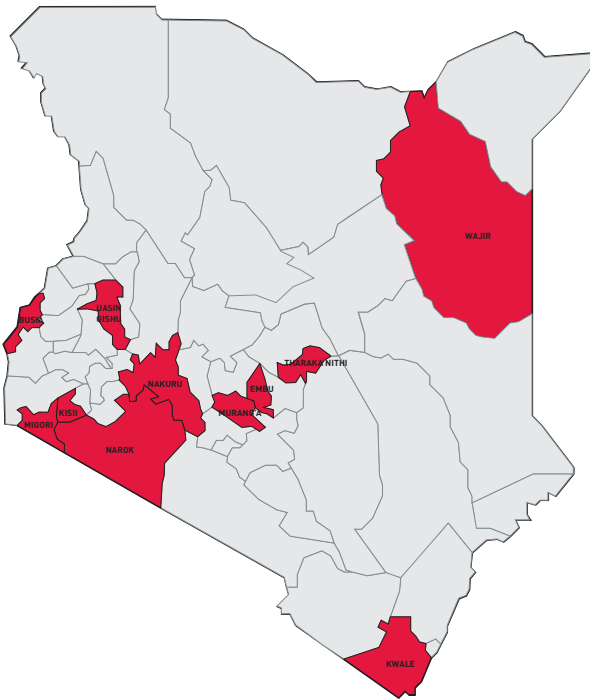

## The programme has 6 components:

- Sanitation & Hygiene Promotion
- Equity & Inclusion
- Capacity Development & Sanitation Marketing
- Advocacy & Communication
- Coordination & collaboration
- Evidence Based Documentation & Learning.

KSHIP Target Counties

### Some Results Thus Far

- Reached and sensitised **1.536** million people on improved sanitation and hygiene practices
- **718** villages certified as ODF
- **540,987** people living in Open Defecation Free environments
- **57.5%** reduction in costs to deliver an ODF village
- Households are investing to acquire improved sanitation facilities. Median cost was **Kshs 2,000** or **US\$ 20** in Murang'a to **Kshs 30,000** or **US\$ 300** in Nakuru
- Unlocked **US\$ 548,480** (KSH 54,848,000) non-GSF funds in 4 counties (Migori, Embu, Kwale and Wajir) at a ratio of 1 GSF KSH to 3.6 Non-GSF KSH
- Strengthening National and Sub-Nationan institutional frameworks including Policies, strategy, guidelines, capacities and monitoring systems.

### Looking Ahead

With the learning accrued on the approaches, the established structure and model of implementation; KSHIP remains relevant to continue contributing to the national sanitation and hygiene agenda to eradicate open defecation and to **declare Kenya ODF by 2020** and to achieve **SDG 6.2**.

KSHIP intends to:

- Scale-up market based sanitation approaches;
- Continue reaching the last mile;
- Contribute to exploring the utility of container based sanitation;
- Continue contributing to strengthening the national and sub-national institutional framework;
- Continue unlocking investments for sanitation and hygiene;
- Contribute to the Universal Health Agenda.
