Safeguarding Guidelines for Amref Health Africa Suppliers, Contractors and Service Providers

.....

Safeguarding shapes Amref Health Africa's approach, culture, and practice in ensuring a comprehensively safe environment for all people that Amref Health Africa works with. Due to the nature of the work undertaken by Amref Health Africa, it is required by both legislation and donors to have robust policies and procedures to ensure the protection of children and at-risk adults. Amref Health Africa's culture emphasizes the safety and protection of its staff, Partners, suppliers, contractors, service providers and the community we serve.

Amref will protect these people using a framework based on its three safeguarding pillars of Prevention, Reporting, and Response through:

- i) Pro-actively identifying, preventing and guarding against all risks of harm, exploitation and abuse, beginning with raising awareness of these issues as a first step in prevention;
- ii) Establishing and promoting effective systems for reporting potential harm or abuse, which are survivor centred, and also protect those accused until proven guilty; and
- iii) Responding appropriately and learning where risks occur.

Modern slavery

We are committed to improving our practices to combat slavery and human trafficking. We recognise that slavery and human trafficking is a real yet hidden issue in our society. We will not tolerate slavery and human trafficking in our business or supply chain.

The supplier/service provider/vendor/contractor must ensure that their Personnel comply with all applicable Anti-Slavery Laws when performing its obligations under this contract.

We have a zero-tolerance policy towards modern slavery, a crime and violation of fundamental human rights which includes any form of slavery, servitude and forced or compulsory labour.

Target groups of the policy

All Amref representatives, partner organisations, suppliers, contractors and service providers should be aware of and adhere to the policy. In addition to complying with the policy, all representatives must sign and will be held accountable to the Amref Safeguarding policy.

Principles of safeguarding

Amref is committed to six key principles that should underpin all safeguarding functions, actions and decisions, as set out by the UK Care Act 2014. The following principles are relevant for both child and adult safeguarding.

1. **Empowerment.** People are supported and encouraged to make their own decisions.
2. **Prevention.** It is better to take action before harm occurs and offer help and support to those at risk.
3. **Proportionality.** The least intrusive response appropriate to the risk presented.
4. **Protection.** Support and representation for those in greatest need.
5. **Partnerships.** Partnerships give organisations the opportunity to work together, as well as with the local community.
6. **Accountability.** Safeguarding is everyone's business and accountability makes sure that everyone plays their part when it comes to safeguarding vulnerable people.

Amref Health Africa Suppliers, Contractors and Service providers' responsibilities

Amref Health Africa is committed to upholding the highest standards of safeguarding in the work environment. Amref will not tolerate any form of abuse, exploitation, discrimination or harassment of any persons that come into contact with our staff and in undertaking our work.

The table below defines the responsibilities of Amref, its suppliers, contractors and service providers in managing safeguarding.
