

Amref Health Africa

Amref Health Africa was founded in 1957 and has since grown to become the largest African-based international health development organisation; currently implementing more than 180 programs, reaching more than 40 million people across 35 African countries; and a staff complement of over 2,000. Headquartered in Nairobi, Kenya, Amref Health Africa has offices in ten countries in Africa – Burkina Faso, Ethiopia, Guinea (Conakry), Kenya, Malawi, Senegal, South Sudan, Tanzania, Uganda and Zambia. An additional eleven advocacy and fundraising offices are located in Europe and North America.

Amref Health Africa is driven by its vision of ‘*Lasting health change in Africa*’ and its mission ‘*To catalyze and drive community-led and people-centred health systems while addressing social determinants of health*’. We believe that the power to transform Africa's health lies within its communities, and therefore strive to ensure that health systems are not only functional but that communities are empowered to hold these systems accountable for the delivery of quality and affordable health care.

Amref Health Africa (AHA) in Zambia is registered as a local organization since 2016. Amref Health Africa in Zambia is affiliated to Amref headquarters in Nairobi, Kenya and is also linked with the Amref Health Innovations (AHI), the Amref International University and Amref Flying Doctors.

Since its establishment in Zambia, Amref has since collaborated with the Government of the Republic of Zambia in developing and implementing innovative health development programs across the country in Human Resource for Health, health financing, maternal, newborn and child health, and health security. The organization has physical presence in 4 provinces and programmatic presence across the country.

Amref Health Africa, Zambia office, wishes to invite qualified Individual/Consultancy companies, to deliver tailored coaching, market linkage facilitation, and performance monitoring for health entrepreneurs under our Health innovation program, aiming to strengthen African-led health innovations, create jobs, and prepare ventures for scalable growth. The innovators targeted include; Primary Healthcare workers and student/youth led innovators building micro and small enterprises and startup ventures
